

Thank you for your interest in working for Maine High Adventure, BSA (MHA) during the upcoming summer. We are very happy to invite you to apply...our base and program is a great place and way to spend the summer.

The focus of our MHA program is on providing safe, educational, and fun, backcountry experiences to our participants, via extended travel/camping treks. MHA is an accredited Boy Scouts of America (BSA) program of the Katahdin Area Council, BSA. Our trips are at least six days in length and the primary method of travel is canoe, although some crews opt to backpack all or part of their trek. Crew size is between seven and twelve people, including youth scouts, adult leaders and the MHA staff member assigned to each crew. Most of our crews come from Boy Scout troops, although Venture Crews (14 to 21 years of age, many of which are co-ed) are also popular participant groups.

All of the positions we have to offer are critical to our success. Some have more direct contact with the participants than others, but everyone plays a major role in the operation. Brief job descriptions and other employment related information is included with this application, or can be found on our website. If you would like full descriptions for any position, please contact us.

Being part of a Maine High Adventure staff can be a great experience! We invariably have a staff of very interesting people with diverse backgrounds but similar personal ideals and attributes. The physical environment is beautiful but can be challenging. The location of the base camp is isolated and the amenities are limited. The work atmosphere is that of a small, rural community...Close knit, hardworking, but fun too! These are positions of responsibility and trust, and the rewards can be plentiful with the proper attitude and preparation. Having a Scouting background is helpful but not imperative. All staff members must be good role models, willing to promote the goals of Scouting and positive citizenship.

Staff life at Matagamon High Adventure Base, which is the location of the summer program, offers opportunities for tremendous personal growth. You can work on leadership skills, get practice in group dynamics, and take initiative to improve other skills. You can expand your knowledge base and share your personal skills and talents outside of your primary job responsibilities.

Besides offering a competitive weekly salary, if selected, you will also receive room and board, some staff uniform items, and one day off for every week of your contract term. Additionally, we provide, for some positions, high quality training in advanced canoeing, ecology, and environmental and historical interpretation.

Attached you will find a staff application and three reference forms. Resumes and school transcripts are optional. Additionally, all employees are required to become registered members of the BSA, which requires a background check and completion of a current Medical Form. Also, for some staff members, a copy of their driving record will also be required. Please fill out and return the application portion as soon as you can while the additional information is gathered or initiated.

Lifeguard certification, either Red Cross or BSA, is required for our Guides. If selected for one of these positions, we can possibly help arrange this training for you. However, since this coursework is so challenging, obtaining this certification prior to the arrival of the summer, is strongly encouraged. All staff members are also highly encouraged to obtain CPR & 1st-Aid certifications prior to arrival.

Additional information about Maine High Adventure, BSA is included or can be found on our website, www.mainehighadventure.org. This information helps to further explain the program from the participant standpoint.

Again, thanks for your interest in working for Maine High Adventure, BSA. Please feel free to call or e-mail if you have any questions about our program or the enclosed materials. We look forward to hearing from you!

GENERAL INFORMATION

The Maine High Adventure program was founded in 1965. Since that time, thousands of youth and their leaders from all over the country and abroad have enjoyed unique backcountry experiences in the North Maine Woods. The program is centered around extended canoe camping treks but may include some backpacking, hiking, and other outdoor related activities.

EMPLOYMENT INFORMATION

Opportunities to serve the Boy Scouts of America by being employed as a staff member for Maine High Adventure are available to qualified and motivated people. Each position is challenging and involves considerable responsibility. The experience can provide opportunities for personal growth and rewarding human interaction.

- The minimum age for MHA employment is 18. There may be limited positions for those 16 and above.
- Each staff member must be registered with the Boy Scouts of America or agree to become registered. The BSA requires a background check for all adult members and a current BSA Medical Form.
- Each staff member is expected to practice the principles of the Scout Oath and Law while employed with MHA.
- Each staff member is expected to set an example of excellence in Scouting which includes the wearing of the MHA/BSA uniform.
- Summer employment is offered from approximately June 1 until August 20.
- Salary is based on position responsibility and applicant qualifications.
- References are important! MHA requires (3) reference forms (see attached) or recommendation letters before an offer of employment can be made.
- Review the brief job descriptions with this application and indicate your top three preferences.
- Mail your application early! Interviews begin in early December. Most positions are filled by March 1.
- Keep MHA informed of address or circumstance changes during the application and employment process.
- Mail your completed application to the address above, fax to (207) 866-3283, or send electronically to MHAInfo@bsaemail.org.
